

Proof of coverage is the law!

Nebraska and South Dakota law require that you have proof of financial responsibility to operate your automobile in the state. You can comply with this law by obtaining a Farmers Mutual of Nebraska Automobile Policy. Our policies offer a wide variety of coverages for you to choose from, in addition to those required by law.

Our policy applies in the United States, its Territories and Possessions, and Canada. Canadian insurance certificates are available from our Home Office.

Why Select Farmers Mutual of Nebraska?
